# Advisory Business

## INTRODUCTION

Moss Adams Wealth Advisors LLC is an independent investment advisory firm registered with the U.S. Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940. We have provided personal wealth management and financial planning services since 1988.

Moss Adams Wealth Advisors is headquartered in Seattle with offices throughout Washington, California and Oregon.

We provide a variety of services:

- Investment Management Services
- Investment Consulting Services
- Custom Fixed Income Management
- Personal Financial Planning
- Insurance Management and Consulting

Moss Adams Wealth Advisors is a wholly owned subsidiary of Moss Adams Financial Services LLC, which is wholly owned by Moss Adams LLP, a national public accounting and consulting firm.

As of December 31, 2019, we were actively managing a total of \$2,804,450,165 in client assets. This represents \$2,764,062,168 in discretionary client assets and \$40,387,997 in non-discretionary client assets.

## INVESTMENT MANAGEMENT SERVICES

Moss Adams Wealth Advisors offers comprehensive wealth management services, including investment management services, to help you achieve your financial goals. This is done through a four step process integrating financial planning with continuous advice regarding your investments.

### **Step 1: Organize**

We begin by consolidating all of your financial information, quantifying your goals, and developing a personal profile that establishes where you are now and the action steps necessary to reach your goals. The information we will gather includes, but is not limited to: your personal risk tolerance, financial and non-financial resources, estimated tax rates, investment timeline, financial goals and cash flow needs. Here is a general overview of the steps you may expect during the organization phase:

- In depth analysis of current situation, which includes a review of investment objectives, risk tolerance, financial goals and current investment strategy
- Establish clear and reasonable goals and objectives
- Translate objectives into qualitative and quantitative risk and return goals
- Determine time horizon
- Assess cash flow and liquidity needs

- Review liabilities
- Identify special circumstances or requirements
- Review performance objectives
- Establish your familiarity with key assumptions such as inflation, investment rates of return, and how these assumptions impact the results of our analysis

## **Step 2: Formalize**

Formalizing your plan is an important next step. A well-written Investment Policy Statement is an essential roadmap for future investment decisions — one we review and update as needed. The steps involved in formalizing this plan include:

- Assess life situation, including investment objectives, investment time horizon, spending requirements (cash flow needs), risk tolerance (comfort with volatility), and tax status
- Determine appropriate asset allocation model
- Determine rebalancing guidelines
- Determine investment guidelines, including allowable securities and potential restrictions
- Develop strategies around:
  - Concentrated positions
  - Low basis legacy stock
  - Restricted securities
  - Stock options
  - Illiquid investments
  - Annual cash flow needs
- Develop investment policy, spending policy and prepare the Investment Policy Statement
- Documentation and support for the investment process

## **Step 3: Implement**

The third step is to implement the investment plan according to your Investment Policy Statement. The Investment Policy Statement provides a logical guide for implementation of your investment strategy and serves as a reminder of your goals, objectives and design of your portfolio.

In this step, we develop a strategic asset allocation model, apportioning assets to income, alternatives, and equity investments in a way that is consistent with your investment objectives, risk tolerance and investment time frame. Then, we select implementation platforms and managers within each of the major asset classes to execute their portion of the overall strategy typically through open-ended, no-load mutual funds and/or individual bonds.

## **Step 4: Monitor**

Our investment professionals will schedule meetings with you on a periodic or request basis, to go over some of the following items:

- Monitor economic and market environment

- Implement allocation adjustments
- Monitor trading costs
- Monitor tax liability
- Monitor manager performance
- Review performance measurement and reporting procedures
- Consider changes in your circumstances
- Make program refinements as needed
- Confirm that your Investment Policy Statement is consistent with your current objectives and goals

## **CUSTOM FIXED INCOME MANAGEMENT**

Depending on your needs, Moss Adams Wealth Advisors may internally manage your portfolios by allocating some or all of your portfolio assets to the fixed income portfolio management strategy.

The primary objective of the custom fixed income management strategy is current income and capital preservation, with capital appreciation as a secondary objective. Customized target income portfolios and investment solutions help you achieve your cash flow objectives, while providing safety of capital as part of your overall financial plan. Our strategy to accomplish these goals is to select a diversified portfolio of investment grade income securities such as corporate bonds, government agency and US treasury notes, short-term money market securities, and tax-exempt and taxable municipal bonds. Our goal is to create flexibility and manage interest rate volatility by structuring a portfolio with laddered maturities. These guidelines describe our standard approach to fixed income investing, though the structure of your portfolio may vary, depending on your goals and risk tolerance.

We also offer customized short-term fixed income management which is a specialized strategy for individuals, businesses and organizations that require short-term liquidity.

### **Additional Customized Investment Management Services**

Moss Adams Wealth Advisors provides other more customized strategies including a covered call writing income strategy and a concentrated position collar hedging strategy, depending on your current holdings and needs.

## **PERSONAL FINANCIAL PLANNING**

Moss Adams Wealth Advisors provides personal financial planning by taking a very personalized, goal-oriented approach.

### **Personal Financial Planning Process**

The personal financial planning process begins by gathering all of your relevant data, assessing your goals and determining the assumptions your plan will be based on. Following our analysis and evaluation of your current financial status, we will develop and present you with written recommendations. We will explain the impact these recommendations will have on your potential ability to achieve or exceed your goals and objectives. At your discretion, you will have the ability to accept, reject, or modify the recommendations as presented. At this point, you may hire Moss Adams Wealth Advisors to implement and monitor the recommendations under a separate engagement.

### *General Information Regarding Planning*

Please understand your personal financial plan will not express any form of assurance on the achievability of the projections or reasonableness of the underlying assumptions. You will be responsible for providing current and accurate financial information and communicating to us any significant information that might affect the ultimate realization of the projected results in a timely manner. All reports, financial statement projections and analyses are intended only for the sole purpose of developing and implementing the financial plan. You should not attempt to use such reports to obtain credit or for any purpose other than developing the personal financial plan. Because events and circumstances frequently do not occur as projected, it is likely there will be variances between projected and actual results that may be material to your planning needs.

The suggestions and recommendations included in a financial plan will be advisory in nature, and we will not guarantee the performance of any investment or insurance product which may be purchased to implement the recommendations in a plan. The plan will include financial projections based on assumptions about future events and we will not vouch for the achievability of such projections as the assumptions about future events may prove to be inaccurate. The assumptions are made with the understanding they are sound and reasonable.

You are under no obligation to act upon the written recommendations; however, if you do act on any of the recommendations, please also understand you are under no obligation to obtain services recommended through Moss Adams Wealth Advisors or its affiliates.

We do suggest that investment recommendations developed as part of the financial plan be implemented by registered investment advisors or other properly licensed investment professionals adhering to fiduciary best practices. We are not responsible for the success or failure of any specific investment or investment strategy recommended by other advisors.

### **INVESTMENT CONSULTING SERVICES**

If engaged in an investment consulting role, Moss Adams Wealth Advisors will act as the facilitator of your investment management process rather than manage the funds directly. In an investment consulting services engagement letter, we detail the actual services to be provided and the fees charged in conjunction with such services. These services can include, but are not limited to:

- In depth analysis of current financial situation, which includes a review of investment objectives, risk tolerances, financial goals and current investment strategy
- Development of mission statement and investment objectives
- Determination of risk tolerance levels and time horizons
- Review of cash flow and liquidity needs
- Development of a comprehensive Investment Policy Statement (IPS) that provides structure and guidance for investment decisions
- Development of strategic asset allocation models, including a rebalancing strategy
- Investment manager due diligence, fee negotiation, selection, monitoring and replacement recommendations
- Review of custodial platforms and/or existing advisor or broker accounts and their respective expense controls

- Performance evaluation and benchmark review
- Development of strategies to address significant gain positions, concentrated positions and restricted assets
- Report fiduciary data and educate your plan trustees on report interpretation (institutional clients)
- Educate the Investment Committee and Board on UPMIFA and its fiduciary responsibilities with regards to the organization's investment assets (not-for-profit clients)
- Consolidated reporting

#### *General Information Regarding Investment Consulting Services*

Our investment consulting services are designed to supplement your own planning analysis and aid you in fulfilling your personal and/or business financial goals and objectives. Any analysis provided will rely upon individual representations and financial information provided by you regarding your existing investments. We will not guarantee the achievability of the projections in the report or reasonableness of the underlying performance or assumptions. You are responsible for providing current and accurate financial information and communicating to us any significant information that might affect the achievability of the projected results. Under this type of engagement, we will not monitor portfolios or the status of your actions regarding these reports between requests.

In performing investment consulting services, please understand that we intend to consult on these assets; however, we will not be responsible for the actions taken (or not taken) by you or any agent you chose to act on your behalf. Our services are not designed to be, and should not be relied upon as, a substitute for individual business judgment, nor are they meant to mitigate the necessity of personal review and analysis of a particular investment. In addition, these services are not designed to discover fraud, irregularities or misrepresentations made in materials provided to us concerning potential investments or insurance coverage.

#### **INSURANCE MANAGEMENT AND CONSULTING**

Moss Adams Wealth Advisors, in conjunction with its affiliate, Moss Adams Securities & Insurance LLC (MASI), may provide a review of your current life, disability, annuity, life settlement and/or long-term care insurance. We take an unbiased approach to search the marketplace for suitable insurance to meet your needs by collaborating with other advisors, including your tax professional and attorney. Our goal is to provide you with a greater understanding of your insurance policies through integrated planning.

Moss Adams Wealth Advisors conducts an analysis of your insurance policies known as an insurance performance evaluation. The performance evaluation is a client-driven process focused on examining the performance of your current life, disability, annuity, life settlement and/or long term care policies. The review will determine if your current policies are performing as expected based on original premium payments and assumed interest rates. In addition, we will evaluate the market to see if there is a product that may be better suited to your current needs. This analysis does not require you to implement the recommendations through Moss Adams Wealth Advisors' affiliations.

From time to time, Moss Adams Wealth Advisors' clients have an opportunity to purchase insurance products through our licensed insurance producers' affiliation with ValMark Securities, Inc. (ValMark), or ValMark's insurance agency, Executive Insurance Agency (EIA) and will therefore receive a commission on the sale of these products. When a recommendation is made to purchase life insurance products through ValMark or EIA, a commission is paid to MASI. This financial incentive creates a conflict of interest because the firm may receive additional compensation for the placement of certain insurance products. However, all Moss Adams Wealth Advisor representatives receive a salary that is not based on the placement of insurance or any other products. Commissions are not paid directly to

the advisors or insurance producers.

### **Rollovers from retirement plans; Fiduciary status for retirement investors**

A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options):

1. Leave the money in the former employer's plan, if permitted,
2. Roll over the assets to the new employer's plan, if one is available and rollovers are permitted,
3. Roll over to an Individual Retirement Account ("IRA"), or
4. Cash out the account value (which could, depending upon the client's age, result in adverse tax consequences).

If we recommend that a client roll over their retirement plan assets into an account to be managed by Moss Adams Wealth Advisors, such a recommendation creates a conflict of interest if we will earn an advisory fee on the rolled over assets. No client is under any obligation to roll over retirement plan assets to an account managed by Moss Adams Wealth Advisors.

---

# Fees and Compensation

## FEES FOR INVESTMENT MANAGEMENT SERVICES – PRIVATE CLIENT

Moss Adams Wealth Advisors provides investment supervisory services for private client portfolios on an individualized basis. Each portfolio is managed according to the clients' Investment Policy Statement.

Moss Adams Wealth Advisors' asset management fees are based upon assets under management as follows:

ASSETS UNDER MANAGEMENT	
\$1,000,000 and under	1.25%
\$1,000,001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.75%
\$5,000,001 to \$10,000,000	0.50%
\$10,000,001 and above	0.25%

Fees on portfolios are calculated on a graduated basis, e.g., an account with a value of \$2,000,000 will pay an annual fee of 1.25% on the first \$1,000,000 and 1.00% on the asset value from \$1,000,001 to \$2,000,000. For multiple accounts under the control of the client, client's spouse and relatives residing in the same household, accounts will generally be aggregated for fee purposes.

## FEES FOR INVESTMENT MANAGEMENT SERVICES – INSTITUTIONAL

Moss Adams Wealth Advisors provides investment supervisory services for pension and profit sharing plans, tribal governments and enterprises, and charitable organizations and endowments. Asset management fees are based upon assets under management as follows:

ASSETS UNDER MANAGEMENT	
\$10,000,000 and under	0.50%
Over \$10 Million	0.25%

## FEES FOR CUSTOM FIXED INCOME MANAGEMENT

Custom Fixed Income Management services are provided for a fee that is in addition to our standard investment management fee described above. These fees vary based on such factors as the underlying investment strategy and complexity of the services provided. If custom fixed income management is used in your portfolio, an additional schedule or exhibit of fees will be provided to you. The following fees are assessed as a percentage of the market value of all assets in the account:

- |   |       |
|---|-------|
| 1. Customized Target Income Portfolio   | 0.25% |
| 2. Short Term Fixed Income              | 0.10% |
| 3. Covered Call Writing Income Strategy | 0.50% |

## **Prime Brokerage Arrangement**

For clients participating in custom fixed income management, Moss Adams Wealth Advisors may use discretionary authority to trade away from your custodian (Schwab, Fidelity or Pershing) when purchasing or selling fixed income securities. This allows us to seek competitive fixed income offerings beyond what is offered by your custodian's inventory. Each trade placed at a broker other than your custodian has an additional cost, which is charged by your custodian to settle the trade. This is in addition to any mark up or mark down that you may pay to the broker-dealer Moss Adams Wealth Advisors selects to purchase or sell your security. Moss Adams Wealth Advisors does not participate in these fees.

## **More information on investment management services fees**

Fees for investment management services will be payable in arrears for each calendar quarter on a pro-rated basis. The fee will be a percentage of the market value of all assets in the account on the last trading day of each calendar quarter. In any partial advisory fee cycle, your advisory fee will be pro-rated based on the number of days your assets are under management for the applicable period.

These fees will be automatically deducted from your managed account(s) after the completion of each billing quarter. Each fee withdrawal is reflected on the client's monthly account statement sent by the relevant custodian. Limited exceptions are made to this policy and those clients who have written agreements with the firm will be invoiced directly for manual payment.

We maintain accounts for certain clients that are "attest" or audit clients for our affiliate company, Moss Adams LLP. These accounts will be billed based on a percentage of the market value of all assets in the account on the first trading day of each calendar quarter.

## **Please refer to your Investment Advisory Agreement, including attached addendums or exhibits to determine the manner in which your advisory fees will be calculated and billed.**

At Moss Adams Wealth Advisors' discretion, fees may be negotiated on a client by client basis from the above published structure based upon certain criteria (for example: anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). Where it is determined to be appropriate, fixed fee arrangements are available.

Discounts, not generally available to our advisory clients, may be offered to family members, friends or associated persons of the firm.

All fees and transaction costs charged by the custodian are not included in the above fees. Please see the section below titled "Brokerage Practices" for more information on custodial fees. Third party money managers provide investment management services for an additional fee. These fees vary based on factors such as the manager selected, underlying investment strategy and size of the account. If a third party money manager is used in your portfolio, a separate fee disclosure will be provided to you.

Please understand that your investments in mutual funds or investment companies ("funds") will be included in calculating the value of the account for purposes of computing Moss Adams Wealth Advisors' fees. These same assets will also be subject to additional advisory fees and other expenses, as set forth in the prospectuses of those funds, paid by the funds but ultimately borne by you, the investor. In addition, some funds held by you when opening an account with us may have imposed an initial sales charge, so you could still be subject to deferred sales charges. Mutual fund fees and expenses are set

forth in the applicable fund prospectus. We do not participate in the sales charges charged by mutual funds. Similar investment advisory services may be available from other investment advisors for a lower fee.

### **Pricing**

Proper valuations are necessary for accurate performance calculations and fee billing purposes. Independent custodians of client accounts serve as our primary pricing source.

### **Termination**

Investment management services fees are prorated from the date of inception through the date of termination. For Moss Adams Wealth Advisors' managed accounts at Schwab, Fidelity or Pershing accounts will be prorated for each day of the current quarter until the date the written termination notice is effective.

Either party may terminate the Investment Advisory Agreement at any time by providing written notice.

### **FEES FOR PERSONAL FINANCIAL PLANNING**

Fees for personal financial planning services will be based on the services customized to the particular needs of the client and will be fully disclosed in a separate personal financial planning engagement letter the client will sign and agree to. Monitoring and future plan updates are separate engagements and as such will be billed separately.

Typical costs for financial planning arrangements range from \$3,500 to \$30,000 or more, depending on needs and varying complexity. Clients are typically billed in arrears for services provided. At Moss Adams Wealth Advisors' discretion, fees may be paid in advance on a quarterly payment schedule.

### **FEES FOR INVESTMENT CONSULTING SERVICES**

Clients may retain Moss Adams Wealth Advisors to provide investment consulting services for an hourly fee generally ranging from \$200 to \$600 per hour, depending on the complexity and risk of the service. Fees may also be set on a project basis. The total fee and actual consulting services to be performed will be set forth in a written engagement letter with the client.

### **FEES FOR INSURANCE MANAGEMENT AND CONSULTING**

Clients may retain Moss Adams Wealth Advisors to provide insurance management and consulting for an hourly fee generally ranging from \$100 to \$600 per hour. Fees are dependent upon the complexity and risk of the service (if not prohibited by state statute). Fees may also be set on a project basis. The actual consulting services to be performed and an estimate of the total fee will typically be set forth in a written engagement letter with the client. The client will typically be billed for the total fee after the services are rendered and the total will be due upon your receipt of the bill.

### **Termination**

Agreements for any of the above-referenced services provided by Moss Adams Wealth Advisors may be terminated by either party by written notice to the other. Termination will only take effect upon the receipt of written termination instruction at Moss Adams Wealth Advisors' main office, located at 999 Third Avenue, Suite 2800, Seattle, WA 98104. Termination of this Agreement will not affect (i) the validity of any action previously taken by Moss Adams Wealth Advisors or its affiliates under this Agreement; (ii) liabilities or obligations of the parties from transactions initiated before termination of this Agreement; or

(iii) Client's obligation to pay fees (pro-rated through the date of termination).

### **Bundled pricing**

Bundled pricing services may be offered to clients who receive services from both Moss Adams Wealth Advisors LLC and Moss Adams LLP. Bundled pricing is designed to provide the option of paying one fee for multiple services. For example, you may receive wealth management services provided by Moss Adams Wealth Advisors LLC and tax services or family office services from Moss Adams LLP. At the discretion of Moss Adams Wealth Advisors and Moss Adams LLP, additional accounting or consulting services may be included as part of the standard advisory fee, or invoiced to the client separately, either of which will be outlined under a specific written agreement with each entity. However, clients are never under any obligation to use Moss Adams LLP for any accounting or consulting services.

---

## Types of Clients

Moss Adams Wealth Advisors will generally provide investment advice to high-net worth individuals and families and their trusts, estates, charitable organizations, corporations, business entities, foundations and endowments. We also offer advice to individual pension and profit sharing plans, institutional clients, trusts, estates or not-for-profit charitable organizations, corporations or business entities, and Tribal government enterprises.

---

# Methods of Analysis, Investment Strategies and Risk of Loss

## METHODS OF ANALYSIS

Moss Adams Wealth Advisors provides portfolio asset allocation in accordance with your unique circumstances (risk tolerance, tax situation, etc.) that are best suited to help achieve your financial and investment goals. We may adjust your portfolio's asset allocation periodically, for changing economic and capital market conditions. We utilize a variety of tools to research the investments we use to implement your portfolio(s). These tools provide the data for our fundamental and quantitative research (manager tenure, expenses, historical returns, alpha, standard deviation, style drift, peer rankings, corporate rating services (bonds), etc.). We then conduct the qualitative research portion of our due diligence process, talking with the portfolio manager(s), understanding their investment and management philosophy, reviewing annual reports, prospectuses, news releases as well as other information regarding the management of assets, including risk management, buy/sell disciplines, portfolio manager/analyst compensation methodology, etc.

Moss Adams Wealth Advisors constructs portfolios based on long-term, strategic allocations diversified among several asset classes that provide exposure to disparate risk factors. Securities purchases are generally made with the intent that they will be held long-term. We may employ margin and options transactions as appropriate to the client.

## INVESTMENT STRATEGIES

Effective investment management strives to achieve the required return to meet clients' goals without incurring excessive risk to do so. To be successful, we strive to balance insights garnered from our investment management experience while being mindful of managing investor emotions and needs.

We seek to construct portfolios consisting of disparate risk factors by allocating funds among asset classes with different correlations, with the intention of mitigating volatility to increase the long-term, risk-adjusted returns of the portfolio we manage.

We identify investment assets within the growth section of portfolios as either core or satellite holdings. Core investments aim to deliver a return that approximates broad market performance (also known as beta return) and to provide diversified exposure at a lower cost. Building a strong core for your investment portfolio provides the foundation for growth of your portfolio investments. We seek relatively low cost and tax-efficient core investments for your portfolio to match the return and risk characteristics of a market segment by being broadly diversified. Our intent is to achieve (i) broad market segmentation and (ii) target risk-adjusted returns.

Satellite investments are typically more specialized investments that we believe will generate additional returns. We implement satellite investments, generally to express our view on a segment of the equity markets with compelling attributes, perhaps due to market dislocation or an emerging trend in the economy or among industries. The goal of satellite investments is to generate better than market returns over a market cycle. Satellite investments may carry higher risk and higher costs. Satellite investments

serve different purposes in our portfolios. First, we seek to capture return drivers based on a compelling risk/reward attribute, in an attempt to increase the expected return of portfolios.

Moss Adams Wealth Advisors implements an alternative section to mitigate the overall risk within some portfolios. Our core portfolios hold real assets which can be more highly correlated to traditional stock and bond investments for short periods, however they are not highly correlated over the long-run and generally offer a higher yield than “traditional” stocks and better growth potential than bonds. Alternative assets seek to diversify overall risk factor exposure that is assumed within the growth and income sections of portfolios.

### **Risk of Loss**

Moss Adams Wealth Advisors strives to help our clients understand the investment risks they choose to take and help them select investment strategies that are appropriate for their risk tolerance. Different types of investments involve varying degrees of risk, and you should not assume that future performance of any specific investment or investment strategy will be profitable or equal to any specific performance level(s). This includes the investments and/or investment strategies recommended or undertaken by Moss Adams Wealth Advisors. You should review any prospectus, offering memoranda and/or other document(s) provided by any mutual fund or other investment manager for a more detailed discussion of risks specifically associated with that investment.

### **TYPES OF INVESTMENTS**

Moss Adams Wealth Advisors offers advice on a wide spectrum of investments and investment programs, including: short-term money market securities, corporate, municipal and US government fixed income securities, exchange listed, over-the-counter and foreign equities, and investment company securities such as open-ended, no-load mutual funds.

Moss Adams Wealth Advisors may also provide advice about pre-existing investments held in your portfolio when opening an account with Moss Adams Wealth Advisors.

### **PANDEMIC RISK**

Disease outbreaks that affect local economies or the global economy may materially and adversely impact our investment portfolios and/or our business. For example, uncertainties regarding the novel Coronavirus (COVID-19) outbreak have resulted in serious economic disruptions across the globe. These types of outbreaks can be expected to cause severe decreases in core business activities such as manufacturing, purchasing, tourism, business conferences and workplace participation, among others. These disruptions lead to instability in the market place, including stock market losses and overall volatility, as has occurred in connection with COVID-19. In the face of such instability, governments may take extreme and unpredictable measures to combat the spread of disease and mitigate the resulting market disruptions and losses. We have in place business continuity plans reasonably designed to ensure that we maintain normal business operations, and that our investment portfolios and client assets are protected and we periodically test those plans. However, in the event of a pandemic or an outbreak, there can be no assurance that we or our portfolio service providers will be able to maintain normal business operations for an extended period of time or will not lose the services of key personnel on a temporary or long term basis due to illness or other reasons. The full impacts of a pandemic or decrease outbreaks are unknown, resulting in a high degree of uncertainty of potentially extended periods of time.

---

## Disciplinary Information

Moss Adams Wealth Advisors is required to disclose all material facts regarding any legal or disciplinary events that would materially impact your evaluation of Moss Adams Wealth Advisors or the integrity of Moss Adams Wealth Advisors' management. No events have occurred at Moss Adams Wealth Advisors that are applicable to this section.

---

## Other Financial Industry Activities or Affiliations

Member(s) of our insurance team are registered representatives of ValMark Securities, Inc. ("ValMark"), a FINRA registered broker/dealer, and sell insurance related securities products through them. You are not required to effect these securities transactions through ValMark; you may use any broker/dealer you desire. For securities transactions placed through ValMark, commissions for securities paid pursuant to a prospectus will be the same. However, commissions or fees for other securities transactions may be higher or lower if placed through ValMark than if placed through another broker/dealer. These advisors are also affiliated with Executive Insurance Agency, Inc. (EIA), a general insurance agency that represents numerous insurance companies. Any insurance product placed through EIA may generate standard and customary insurance commissions and other sums, a portion of which will be paid to Moss Adams Securities & Insurance LLC, a limited use broker dealer registered with FINRA and SIPC. ValMark provides related persons/registered representatives with due diligence, compliance information and regulatory review. Furthermore, all securities transactions made on behalf of a client and placed through ValMark are reviewed and approved by ValMark supervisory principals as required by FINRA. All commissions generated as a registered representative of ValMark Securities and Executive Insurance Agency are received by Moss Adams Securities & Insurance LLC (MASI), our affiliated limited broker dealer. Our advisors and insurance producers receive a salary from Moss Adams Wealth Advisors not based on the placement of any product. Commissions received by MASI are allocated pursuant to a revenue sharing agreement with Moss Adams Wealth Advisors.

Any transactions resulting in commissions paid are not covered by an advisory agreement with Moss Adams Wealth Advisors. Any fees or commissions paid by you are in addition to investment advisory fees. Clients are not obligated to choose a representative of Moss Adams Wealth Advisors to assist them in executing a transaction. Similar services are available from other advisors.

Moss Adams Wealth Advisors is a wholly owned subsidiary of Moss Adams Financial Services LLC, which is wholly owned by Moss Adams LLP, a national public accounting and consulting firm. Pursuant to certain service agreements, Moss Adams Wealth Advisors may provide services to Moss Adams LLP's clients and Moss Adams LLP may provide services to Moss Adams Wealth Advisors' clients. However, clients are never under any obligation to use Moss Adams LLP for any services. Moss Adams LLP also provides office space, services and other miscellaneous overhead items to Moss Adams Wealth Advisors for a fee determined on an annual basis. Moss Adams Wealth Advisors does not provide accounting or legal advice.

Some of the investment advisor representatives of Moss Adams Wealth Advisors are active as principals of Moss Adams LLP.

### **NON-INVESTMENT CONSULTING/IMPLEMENTATION SERVICES**

To the extent requested by a client, Moss Adams Wealth Advisors may provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither Moss Adams Wealth Advisors, nor any of its representatives, serves as an attorney or accountant. To the extent requested by you, Moss Adams Wealth Advisors may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, etc.),

including representatives and/or affiliated entities of Moss Adams Wealth Advisors in their separate registered/licensed capacities.

You are under no obligation to engage the services of any such recommended professional. You retain absolute discretion over all such implementation decisions and are free to accept or reject any recommendation from Moss Adams Wealth Advisors. **Please Note:** If you engage any unaffiliated recommended professional, and a dispute arises thereafter relative to such engagement, you agree to seek recourse exclusively from and against the engaged professional.

**Please Also Note:** It remains your responsibility to promptly notify Moss Adams Wealth Advisors if there is ever any change in your financial situation or investment objectives for the purpose of reviewing/evaluating/revising Moss Adams Wealth Advisors' previous recommendations and/or services.

### **ADDITIONAL REPORTING SERVICES**

Moss Adams Wealth Advisors may utilize the services of financial data aggregation providers, that will allow us to provide additional analysis and financial reports regarding your accounts, where appropriate. Typically, an aggregation engine automatically captures account information from thousands of financial institutions using online services, such as websites that these firms make available to their customers. Moss Adams Wealth Advisors is independently owned and operated and has no affiliation with financial data aggregation providers. Should we use these providers, your consent to their services will be obtained from you by separate agreement.

You should obtain and review information from these additional reporting providers as you deem necessary to address any questions or concerns you may have regarding the security of your financial information.

---

# Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

## CODE OF ETHICS SUMMARY

Moss Adams Wealth Advisors has established rules of conduct (“The Code”) for all employees that are designed to, among other things, govern personal securities trading activities in the accounts of employees. The Code is based upon the principle that Moss Adams Wealth Advisors and its employees owe a fiduciary duty to Moss Adams Wealth Advisors’ clients to conduct their affairs, including their personal securities transactions, in such a manner as to avoid:

- Serving their own personal interests ahead of clients
- Taking inappropriate advantage of their position with the firm
- Any actual or potential conflicts of interest or any abuse of their position of trust and responsibility

The Code is designed to ensure that the high ethical standards long maintained by Moss Adams Wealth Advisors continue to be applied. The purpose of the Code is to deter activities which may lead to or give the appearance of conflicts of interest, insider trading and other forms of prohibited or unethical business conduct. The excellent name and reputation of our firm continues to be a direct reflection of the conduct of each employee.

Pursuant to Section 206 of the Advisers Act, both Moss Adams Wealth Advisors and its employees are prohibited from engaging in fraudulent, deceptive or manipulative conduct. Compliance with this section involves more than acting with honesty and good faith alone. It means that Moss Adams Wealth Advisors has an affirmative duty of utmost good faith to act solely in the best interest of its clients. You may contact our main office for a full copy of our Code of Ethics policy.

## PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS

Moss Adams Wealth Advisors receives referrals of potential clients from professionals of Moss Adams LLP, a national public accounting and consulting firm. Moss Adams Wealth Advisors is a wholly owned subsidiary of Moss Adams Financial Services LLC, which is wholly owned by Moss Adams LLP. This affiliation creates a financial incentive for Moss Adams LLP professionals to refer clients to Moss Adams Wealth Advisors. This financial incentive creates a conflict of interest between the potential clients and Moss Adams LLP professionals because Moss Adams Wealth Advisors pays a percentage of its profits to Moss Adams LLP.

It is Moss Adams Wealth Advisors’ policy that the firm will not affect any principal or agency cross securities transactions for client accounts. Moss Adams Wealth Advisors will also not cross trades between client accounts. Principal transactions are generally defined as transactions where an adviser, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. An agency cross transaction is defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the transaction.

## PERSONAL TRADING

Employee accounts may trade in the same securities with client accounts on an aggregated basis. In such circumstances, the employee and client accounts receive securities at a total average price. Investors should note that, because employees may invest in the same securities as clients, there is a possibility that employees might benefit from market activity by a client in a security held by an employee. However, given the modest size of employee trades in relation to the size of the mutual funds and individual bonds in client portfolios, Moss Adams Wealth Advisors believes that employee trading is unlikely to have any material impact on purchase or sale prices experienced by clients.

---

# Brokerage Practices

## GENERAL

Moss Adams Wealth Advisors has no affiliation or soft dollar agreements with third parties in connection with client transactions. Moss Adams Wealth Advisors receives no cash compensation other than investment advisory or consultation fees paid by its clients.

## CUSTODIAL BROKERAGE

We recommend that clients establish brokerage accounts with Charles Schwab & Co., Inc., (Schwab) Fidelity Investments (Fidelity), or Pershing Advisor Solutions LLC, which accepts and introduces brokerage accounts to Pershing LLC (collectively, Pershing), all registered broker-dealers and SIPC members, to maintain custody of their assets and to effect trades for their accounts. Moss Adams Wealth Advisors is independently owned and operated and not affiliated with Schwab, Fidelity or Pershing. Clients' accounts are contracted directly with Schwab, Fidelity or Pershing as Moss Adams Wealth Advisors does not maintain custody of your assets. In this role, Schwab, Fidelity or Pershing act as your qualified custodian and will hold your assets in a brokerage account and buy and sell securities when we instruct them to.

We seek to use custodians/brokers that will hold your assets and execute transactions on terms that are, overall, most advantageous when compared with other available providers and their services. We consider a wide range of factors, including:

- Combination of transaction execution services and asset custody services (without a separate fee for custody)
- Capability to execute, clear and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- Breadth of available investment products
- Availability of investment research and tools that assist us in making investment decisions
- Quality of services
- Competitiveness in the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate prices
- Reputation, financial strength and stability
- Prior service to us and our other clients

Schwab, Fidelity and Pershing also make available to Moss Adams Wealth Advisors other products and services that benefit Moss Adams Wealth Advisors, but may not benefit its clients' accounts. Some of these other products and services assist the firm in managing and administering clients' accounts.

These products include software and other technology that provide access to client account data (such as trade confirmations and account statements), facilitating trade executions (and allocation of aggregated trade orders for multiple client accounts), providing research, pricing information and other market data, facilitating payment of Moss Adams Wealth Advisors' fees from its clients' accounts and assisting with back-office functions, recordkeeping and client reporting. Many of these services generally may be used

to service all or a substantial number of Moss Adams Wealth Advisors' accounts, including accounts not

maintained at Schwab, Fidelity or Pershing.

Schwab, Fidelity or Pershing also make available to Moss Adams Wealth Advisors other services intended to help the firm manage and further develop its business enterprise. These services may include consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance and marketing. While acting as a fiduciary, Moss Adams Wealth Advisors endeavors to act in its clients' best interests and the firm's recommendation that clients maintain their assets in accounts at Schwab, Fidelity or Pershing may be based in part on these benefits to the firm.

Schwab, Fidelity and Pershing provide Moss Adams Wealth Advisors with access to its institutional trading and custody services, which are typically not available to retail investors. These services generally are available to independent investment advisors on an unsolicited basis, at no charge to them so long as the total of at least \$10 million of the advisors' clients' assets is maintained in their accounts. This is not otherwise contingent upon Moss Adams Wealth Advisors committing to Schwab, Fidelity or Pershing any specific amount of business (assets in custody or trading). Services include brokerage, custody, research and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For Moss Adams Wealth Advisors' clients' accounts maintained in its custody, Schwab, Fidelity and Pershing do not charge separately for custody, but are compensated by account holders through commission or other transaction related fees for securities trades that are executed through Schwab, Fidelity or Pershing or that settle into corresponding accounts. Schwab, Fidelity and Pershing enable Moss Adams Wealth Advisors to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commission and/or transaction fees charged by Schwab, Fidelity and/or Pershing may be higher or lower than those charged by other broker-dealers.

Ultimately, it is the client's decision whether or not to custody assets with Schwab, Fidelity or Pershing; however, we generally do not accept clients who direct us to use other custodians. Even though we recommend specific custodians, clients should evaluate each firm to ensure that the custodian selected will provide the best blend of service and cost.

## **BEST EXECUTION**

The commissions paid by the client will comply with Moss Adams Wealth Advisors' duty to obtain best execution. In seeking best execution, determination factors are not limited to just the lowest possible cost. Other factors include, but are not limited to, the range of services, including the value of research provided, execution capability, commission rates and responsiveness. Therefore, Moss Adams Wealth Advisors will generally seek competitive transaction fees. However, Moss Adams Wealth Advisors may not necessarily attempt to obtain the lowest possible fees for transactions for the client's account(s).

Brokerage commissions and commission equivalent rates may, from time to time, be individually negotiated, and thus a client may be charged different commissions and commission equivalent rates than those charged to other clients for identical transactions. These different rates may be due to, among other things, differences in the size and nature of the respective accounts.

## **TRADING PRACTICES**

As an advisor and a fiduciary to our clients, our clients' interests must always be placed first and foremost. Our trading practices and procedures prohibit unfair trading practices and therefore, we seek to disclose and avoid any actual or potential conflicts of interest or resolve such conflicts in the client's favor.

Although executing portfolio transactions in an aggregated transaction could potentially be either advantageous or disadvantageous to any one or more particular accounts, aggregated transactions will be affected only when Moss Adams Wealth Advisors believes that to do so will be in the best interest of the affected accounts. Moss Adams Wealth Advisors is not obligated to aggregate orders into larger transactions. These orders generally will be averaged daily as to price. When such aggregated or coordinated transactions occur, the objective will be to allocate the executions in a manner which is deemed fair and equitable to each of the accounts involved over time. In making such allocation decisions, Moss Adams Wealth Advisors will adhere to all applicable legal and regulatory requirements and will use its business judgment and will consider, among other things, any or all of the following: each client's investment objectives, guidelines and restrictions, the size of each client's order, the amount of investment funds available in each client's account, the amount already committed by each client to that or similar investments, and the size and structure of each client's portfolio. Although Moss Adams Wealth Advisors will use its best efforts to be fair and equitable to all clients, there can be no assurance that any particular investment will be proportionately allocated among clients according to any particular or predetermined standard or criteria.

#### **DIRECTED BROKERAGE**

Moss Adams Wealth Advisors' policy of prohibiting the acceptance of client instruction for the direction of brokerage has been communicated to relevant individuals including management, traders and portfolio managers, among others.

The firm's advisory agreements and this disclosure document provide that the firm has discretion as to the selection of broker-dealers and discloses the firm's policy of not accepting client directed brokerage instructions.

---

## Review of Accounts

Moss Adams Wealth Advisors monitors client's portfolios within the investment management program on an ongoing basis according to the parameters set forth in their personalized Investment Policy Statement. For those clients whom Moss Adams Wealth Advisors has provided personal financial planning, investment consulting services and/or insurance management and consulting, reviews are conducted on an as-needed basis. These reviews are conducted by your Moss Adams Wealth Advisors' financial advisor.

Depending on your needs, you are encouraged to meet with your advisor either quarterly, semi-annually, or annually to review any changes that would affect your status, investment objectives or risk tolerance. Your portfolio is rebalanced periodically to adhere to your current Investment Policy Statement. Moss Adams Wealth Advisors follows the practice of diversification through asset classes to try to meet the optimal portfolio for your needs.

Unless otherwise agreed upon, clients are provided with transaction confirmation notices and regular summary account statements from the broker-dealer or custodian for the client accounts. Those clients whom Moss Adams Wealth Advisors provides investment management services will also receive a report from Moss Adams Wealth Advisors that includes relevant account and/or market-related information such as an inventory of account holdings and account performance on a quarterly basis. Clients generally receive these reports electronically, unless otherwise directed by the client.

Moss Adams Wealth Advisors may also provide periodic comprehensive reporting services, where appropriate. This incorporates most, if not all of your investment assets, including those investment assets that are not part of the assets managed by us. Moss Adams Wealth Advisors will not maintain trading authority on these assets. You and your non-Moss Adams advisors will remain exclusively responsible for the investment performance of these outside assets. In the event you would like Moss Adams Wealth Advisors to provide discretionary investment management services on these outside assets, you may engage us to do so under the terms and conditions of a Moss Adams Wealth Advisors Investment Advisory Agreement.

Clients may receive different levels of service (frequency of reviews, recognition of holidays and birthdays) based on factors considered by Moss Adams Wealth Advisors and the client. These factors include, but are not limited to: complexity involved in managing a client's account, client preferences and total assets under management.

---

## Client Referrals and Other Compensation

In the course of our affiliation with Moss Adams LLP, we may provide services to Moss Adams LLP's clients and Moss Adams LLP may provide services to Moss Adams Wealth Advisors' clients. However, clients are never under any obligation to use Moss Adams LLP for any accounting or consulting services. Portions of Moss Adams Wealth Advisors profits are paid to Moss Adams LLP as a wholly owned subsidiary.

Clients of Moss Adams Wealth Advisors may also be clients of ValMark, for insurance product placement. Clients of this nature should be aware that ValMark maintains special compensation relationships with a variety of providers. These relationships may be termed revenue sharing, special compensation, marketing allowances, or due diligence compensation. ValMark in exchange for such payments furnishes the providers with support assistance in many forms, including increased access to representatives regarding marketing, training, and education.

In addition, override compensation is paid to ValMark Securities by some insurance carriers and other financial service providers. Override compensation is based upon such factors as aggregate policy premiums paid to a carrier from sales by all member offices and aggregate assets placed under financial management from sales by all member offices. The amount of compensation varies among products and carriers. ValMark's complete special compensation disclosure can be viewed at [www.valmarksecurities.com](http://www.valmarksecurities.com).

---

## Custody

You have authorized us to deduct periodic investment advisory fees directly from one or more of your accounts managed by Moss Adams Wealth Advisors (unless otherwise agreed upon in writing). These deductions from your account are shown on the periodic statements sent to you directly by your custodian (Schwab, Fidelity or Pershing).

In addition, Moss Adams Wealth Advisors provides quarterly reports containing information regarding your account. This information is provided at your request as accommodation to you in the review of your investment activity. This material is based upon information included in our records and/or information received from you, your agent and/or a third party. Moss Adams Wealth Advisors has not taken steps to independently verify the information provided by you, your agent or any third party for accuracy or completeness. In the event of any discrepancy between the information contained in our reports and the information contained in your monthly custodial account statements (Schwab, Fidelity or Pershing.), the custodial account statement should be relied upon. Please immediately notify your advisor of any discrepancies.

Moss Adams Wealth Advisors is deemed to have custody of certain client funds and/or securities due to its affiliated entity, Moss Adams LLP, providing bill paying services to certain accounts. In addition, from time to time, some clients may require third party cash distributions that could be deemed as custody according to SEC Rule 206(4)-2(d)(2) which we have applied additional controls around, not limited to, the inclusion of these movements in our annual surprise examination by an independent public accountant that verifies client funds and securities. All cash and securities are maintained with a qualified custodian, clients receive account statements directly from the custodian at least quarterly and all clients receive written notification of the custodian and contact information.

---

## Discretion

Moss Adams Wealth Advisors usually receives discretionary authority from its clients at the outset of an advisory relationship, as confirmed with the signed Investment Advisory Agreement. This agreement generally gives us the discretion to invest funds in one or more accounts, including accounts managed by sub-advisers chosen by us. Discretion means that, without having to obtain prior approval, we may execute investment transactions in a portfolio in order to implement the investment policy we have developed with a client. Investment discretion does not include the ability to obtain possession of the securities in a portfolio other than to process transactions in those securities, including the movement of securities or cash from one portfolio account to another registered in the client's name. All investment decisions will be guided by the Investment Policy Statement.

Clients that determine to engage Moss Adams Wealth Advisors on a non-discretionary investment advisory basis **must be willing to accept** that Moss Adams Wealth Advisors cannot effect any account transaction(s) without obtaining prior verbal consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, Moss Adams Wealth Advisors will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client's verbal consent. **This includes attest client accounts, which have further management limitations as stated in the Investment Advisory Agreement.**

Material investment restrictions that would cause an account to be deemed not fully discretionary include, but are not limited to:

- Restricting trading activities conditioned upon client approval
- Limiting sale of legacy stock (low cost basis or marked as client restricted)
- Restricting the purchase of certain securities or types of securities (socially responsible investing limitations, etc.)

When exercising investment discretion, Moss Adams Wealth Advisors will not invest in Initial Public Offerings (IPO's).

---

## Voting Client Securities

As part of our service offering, we will vote proxies for client accounts that we have discretionary authority over; however, clients always have the right to vote proxies themselves. Clients can exercise this right by instructing us in writing not to vote proxies on their behalf. This is addressed in the Investment Advisory Agreement.

Moss Adams Wealth Advisors will vote proxies in the best interests of our clients and in accordance with our established policies and procedures. Through an agreement with Broadridge, a nationally known shareholder service and proxy voting provider, Moss Adams Wealth Advisors utilizes their services to act as an independent voting agent to ensure that voting procedures are carried out and documented. Broadridge will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created that was material to making a decision on how to vote proxies, and a copy of each written client request for information on how the proxy was voted.

With respect to ERISA accounts, Broadridge will vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote proxies. To direct us to vote a proxy in a particular manner, clients should send all requests in writing to Gidget Furness, Chief Compliance Officer.

Clients can instruct us to vote proxies according to particular criteria. Clients can also instruct us on how to cast their vote in a particular proxy contest by putting the requests in writing to Gidget Furness, Chief Compliance Officer.

For a complete copy of the proxy policy or guidelines and inquiries regarding how a specific proxy proposal was voted, please contact our main office.

---

## Financial Information

Moss Adams Wealth Advisors is not aware of any circumstance that is reasonably likely to impair our ability to meet contractual commitments to you or our other clients. We do not require pre-payment of investment advisory fees.

---

# Privacy Policy

Moss Adams Wealth Advisors, an independent investment advisory firm, is committed to safeguarding the confidential information of its clients. We hold all personal information provided to our firm in the strictest confidence.

These records include all personal information that we collect from you in connection with any of the services provided by Moss Adams Wealth Advisors. We have not disclosed information to nonaffiliated third parties, except as permitted by law, and do not anticipate doing so in the future. If we were to anticipate such a change in firm policy, we would be prohibited under the law from doing so without advising you first.

## INFORMATION COLLECTED

As you know, we use health and financial information that you provide to us to help you meet your personal financial goals while guarding against any real or perceived infringements of your rights of privacy. The type of data we collect may include your name, address, social security number, age, financial status, assets, income, tax information, retirement and estate plan information, transaction history, account balance, payment history, investment objectives, marital status, family relationships and other personal information.

Our policy with respect to personal information about you is listed below.

- We limit employee and agent access to information only to those who have a business or professional reason for knowing, and only to nonaffiliated parties as permitted by law. (For example, in order to provide you with products and services and to effect transactions, we may disclose your personal information to unaffiliated financial service providers and other companies that perform administrative or other services on our behalf).
- We maintain a secure office and computer environment to ensure that your information is not placed at unreasonable risk.
- The categories of nonpublic personal information that we collect from a client depend upon the scope of the client engagement. It will include information about your personal finances, information about your health to the extent that it is needed for the planning process, information about transactions between you and third parties and information from consumer reporting agencies.
- For unaffiliated third parties that require access to your personal information, including financial service companies, consultants, and auditors, we also require confidentiality in our agreements with them and expect them to keep this information private. Federal and state regulators also may review firm records as permitted under law.
- We do not provide your personally identifiable information to mailing list vendors or solicitors for any purpose.
- Personally identifiable information about you will be maintained during the time you are a client, and for the time required by federal and state securities laws, and consistent with the CFP Board Code of Ethics and Professional Responsibility. After this required period of record retention, all such information will be destroyed.
- We may also release such information about you if you direct us to do so, if we are compelled by law to do so or in other legally limited circumstances (such as protecting your account from fraud).

This privacy policy applies to Moss Adams Wealth Advisors, Moss Adams Financial Services LLC and Moss Adams Securities & Insurance LLC.

## CONFIDENTIALITY & SECURITY

With regard to our internal security procedures, Moss Adams Wealth Advisors restricts access to your nonpublic personal information. In addition, all employees and principals/partners of Moss Adams are subject to confidentiality agreements as a condition of employment. We maintain physical, electronic and procedural safeguards to protect your nonpublic personal information.

## OPT-OUT

We may share information with our affiliated accounting firm, Moss Adams LLP, for marketing purposes. Federal law provides you with the opportunity to opt out of this type of information sharing. If you would like to limit our ability to share your personal information, you must notify us in writing that you wish to opt out. Notifications may be sent to the Seattle office.

## POLICY UPDATES & INQUIRIES

We reserve the right to modify this policy at any time; however, if we do change it, we will tell you promptly. In addition to the Moss Adams Wealth Advisors' policy, we shall also comply with the general Moss Adams privacy policy, available at [www.mossadams.com](http://www.mossadams.com). For questions, please contact us.

---

## Business Continuity Program

All advisory firms need to establish written disaster recovery and business continuity plans for the firm's business. This will allow advisors to meet their responsibilities to clients as a fiduciary in managing client assets, among other things. It also allows a firm to meet its regulatory requirements in the event of any kind of emergency or disaster, such as a bombing, fire, flood, earthquake, power failure or any other event that may disable the firm or prevent access to our office(s).

As part of its fiduciary duty to its clients and as a matter of best business practices, Moss Adams Wealth Advisors has adopted policies and procedures for disaster recovery and for continuing Moss Adams Wealth Advisors' business in the event of an emergency or disaster. These policies are designed to allow Moss Adams Wealth Advisors to resume providing service to its clients as quickly as possible. These policies are, to the extent practicable, designed to address those specific types of disasters that Moss Adams Wealth Advisors might reasonably face given its business and location.

**ANY QUESTIONS: The Moss Adams Wealth Advisors' Chief Compliance Officer, Gidget Furness, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.**
